

Don't Let Slow Cash Flow Slow You Down

Working Capital Fuels Growth

Synergy Financial Resources is committed to delivering financial solutions that drive business growth and that are supported by unmatched customer service, quick response times and extensive expertise.

Synergy is happy to announce they are now partnering with Orange Commercial Credit to offer powerful invoice factoring programs designed for manufacturing and machinery companies.

Invoice factoring is an excellent way to obtain working capital so that you're covered for day-to-day business operations as well as those unexpected costs that pop up.

A More Steady Source of Cash

Orange Commercial Credit's invoice factoring bridges the gap between invoicing a customer and getting paid. No more waiting 30-90 days for funds to arrive. You'll benefit from having a steady, more reliable source of cash on hand.

OCC has a forty-plus-year track record of service excellence and Synergy is confident you will benefit from their funding and credit expertise.
